AWARDS

Insta Award   2019
For proposing intuitive interaction solution in the experience of the LEX learning platform.

Star Award   2018
For clearly visualising a complex work progress to gamify Accelerate, the internal marketplace for matching employees with available jobs.

Dasara Award   2010
Received Karnataka Dasara Exhibition of Art Award for Realistic Painting.

ABOUT ME

I specialise in **User Experience & User Interface Design** with over a decade of experience.

I love crafting interfaces that are not only visually appealing but also intuitive, functional, & user-friendly.

Persistence, curiosity & an obsessive attention to detail define me.

WORK EXPERIENCE   Overall 11+ Years of Exp.

User Exp. Engineering Specialist

Accenture   May 2021 - Present

I'm working in a cross-functional design team and I work closely for inventive and iterative customer-centric end-to- end product experience.
I have also contributed for design proposals, defining team priorities, resource allocation, managing and mentoring team.

Previous Experiences

Previously I have worked with the major organisations like
Infosys (2016 - 2021), **Wipro** (2012 - 2016) and **SPI** (2012) with the clients such as Qatar Airways, Merck, Baxter, ABB, NRF, and some of the in-house projects.
I primarily worked for the domains like Healthcare, Airways, E-Commerce, Automation etc.

ACADEMIC/CERTIFICATION

Certified Usability Analyst   2015
HFI (Human Factors International)
This certification covers User Experience Foundation, User-Centered Analysis and Conceptual Design, and Practical Usability Testing

Arena Animation Academic Specialization Program   2010 - 2012
Arena Animation
Specialised in Multimedia Designing like Graphic and Illustration Suite, 2D Animation Suite and 3D Animation Suite

Bachelor's in Visual Fine Arts   2005 - 2010
Shree Kalanikethana, School of Visual Fine Arts
It a Bachelor Degree which is a specific category of visual arts that are primarily created for aesthetic purposes, and include traditional art forms like painting, sculpture, and drawing. I'm specialised in Applied Arts.
